

Lukrom iFund LP

REAL ESTATE SECURED PRIVATE CREDIT FUND

THE OPPORTUNITY

Lukrom iFund offers higher returns than the historical returns of the stock market with very low risk and no volatility. Our REIT status has tax advantages that can make those stated returns even higher.

\$15M+ FIRST LOSS COMMITMENT

When we say we put our investors first, we mean it. \$15M of Lukrom iFund is invested by our Executive Team and Advisory Board in a "First Loss" position. Although we don't anticipate any losses, this First Loss Commitment will absorb any potential losses that extend beyond the real estate equity of the borrowers. **NO OTHER FUND IS DOING THIS!**

THE LUKROM DIFFERENCE
