

FOR IMMEDIATE RELEASE

Lukrom Hires U.S. Navy Veteran Mark Dickinson as Senior Regional Vice President

PHOENIX, Ariz. (Feb XX, 2025) – Lukrom, a local real estate investment and lending firm with its premier first loss commitment, today announced the addition of Mark Dickinson as senior regional vice president.

During his 18 years of service in the U.S. Navy, Dickinson gained discipline, a strategic approach to problem solving and skilled team-based collaboration as a submariner and diver. These skills enabled him to easily transition into the financial services industry.

Dickinson has more than 20 years of experience working for private equity, private debt and real estate investment firms. Having worked for asset management entities such as Legg Mason and Cohen & Steers, Dickinson knows first-hand how to guide financial professionals and investors to meet their financial goals.

“Mark has a unique background in the military and in the business world which aligns nicely with our goals,” said Thomas McPherson, CEO and advisory board member of Lukrom. “We are looking forward to his leadership and insight as we continue to expand.”

Dickinson graduated from the University of La Verne with a Bachelor of Business Administration. He credits his strong foundation in finance, strategy and leadership to this educational background as well as his time serving in the Navy.

As senior regional vice president, Dickinson will be responsible for acquiring new business, educating and selling to financial professionals as well as accredited investors. Learn more by visiting Lukrom.com.

About Lukrom

Lukrom is a real estate investment firm headquartered in Phoenix, Ariz. that offers equity investment in multifamily value-add opportunities, as well as ground-up developments. Lukrom also offers a private credit fund that provides returns with low risk and virtually no volatility as well as lending options that offer greater flexibility than traditional lending. The Lukrom executive team and board of directors believe so strongly in their business model they invested \$5 million to provide a first loss commitment so their funds are first to cover any losses, thus protecting the funds of remaining investors.
